HIKVISION 1080P HD DASHBOARD CAMERA

Short Description

The Hikvision AE-DN2312-C4 is a Full HD 1080P dashboard camera designed to provide clear video recording and enhanced driving safety. Featuring built-in Wi-Fi, G-sensor technology, loop recording, and a wide viewing angle, this compact dash cam ensures reliable evidence capture for daily driving and vehicle protection.

Key Features:

- Full HD 1080P video recording
- Wide-angle lens for broader road coverage
- Built-in Wi-Fi connectivity
- Intelligent G-sensor collision detection
- Automatic emergency video protection
- Continuous loop recording
- Compact and easy-to-install design
- Supports memory card storage
- Clear day and night recording performance
- Suitable for personal vehicles and commercial fleets

Product Information

Model Number	AE-DN2312-C4
Brand	Hikvision
Category	Dashboard Camera
Availability	Available
Price Type	Contact for price

Description

The Hikvision AE-DN2312-C4 is a high-performance dashboard camera developed to deliver dependable video recording for personal and commercial vehicles. Equipped with a Full HD 1080P image sensor, the camera captures sharp and detailed footage, helping drivers record important road events with clarity.

Its wide-angle lens provides broad road coverage, reducing blind spots and ensuring comprehensive recording. The built-in G-sensor automatically detects sudden impacts or collisions and protects important video files from being overwritten, preserving critical evidence when needed.

The camera supports loop recording, allowing continuous operation without manual file management. Integrated Wi-Fi connectivity enables convenient access to recorded videos and settings through a compatible mobile application.

With its compact design and easy installation, the Hikvision AE-DN2312-C4 is suitable for private cars, taxis, ride-sharing vehicles, and fleet management applications. It offers reliable performance and peace of mind by providing continuous monitoring while driving.

The Hikvision AE-DN2312-C4 dash camera is an ideal solution for users seeking enhanced road safety, accident evidence, and dependable vehicle surveillance.
